Filipino Student Association

What is the Filipino Student Association?

The Filipino Student Association, better known as **FSA**, is an organization that gives students, Filipino or not, the opportunity to become part of a **Family**. FSA is a home away from home where you will build **Friendships** that will last a lifetime. We also educate our members about Filipino American awareness and **Culture**. So come out to any of our events and see what FSA has to offer!!

Dance

Join FSA's award winning dance troupe and learn how to dance modern styles and cultural Filipino dances! FSA hosts **Def Talent Jam**, a modern dance competition against other FSAs, and **Barrio Fiesta**! FSA is also a strong competitor in the **VISA Talent Show** at the end of the year!

Sports

Join **Intramural Sports**, such as flag football, basketball, and more! Participate in **Adobowl**, the flag football tournament against other FSAs! There also is the **Southern Survival Games**, where members compete in wacky games against their peers!

Kuya-Ate Program

At the beginning of the fall, new FSA members can be paired with a **kuya** or **ate** as your older brother or sister! Siblings are matched by personalities, majors, and personal interests and can help give you rides or tips about classes! Since **family** is so important to FSA, we dedicate a week each semester for you to spend time with your older siblings and develop genuine ties that last a **lifetime**!

Culture

Since culture is so important, FSA hosts a **Fil-Am History Month** in the fall to showcase Filipino customs and **traditions** while raising awareness of current issues. In the spring, FSA and the Filipino community in Gainesville host **Barrio Fiesta**, a night full of foods, dances, and songs portraying different aspects of Filipino **culture**!
